Recommended stand builders

HAN recommends stand builders that have a proven track record.

- Despite our recommendation you are free to work with other stand builder. (However, when you work via other channels we have no control and cannot assist you in case problems arise. It is your company's own responsibility.
- In all cases we recommend you to ask for a quotation to compare the best offer for you, based on quality, service and pricing.
- VNU Exhibitions Europe/HAN does not get a commission nor any other kind of financial kickback for the services you book with our partners. We are not in favor such actions and support our exhibitors quest in obtaining a fair price.
